2021 Merch Catalog

Fall / Winter

Catalog Expires December 31, 2021

IMPORTANT NOTES

1. This catalog is geared towards ordering smaller quantities of items (1-10 of the same item).
2. If you need a large quantity of merch (more than 10 of the same item) reach out to us for your options and give us at least 4 weeks notice.
 - When reaching out for a large merch orders make sure to note what you are looking for, how many you need, if it is a sized item, please have the list of sizes ready to go, and tell when you need/want it by as it may impact product decisions.
3. If you see TBD (To Be Determined) on any of the pricing, it means we have not yet received the final invoice and do not have a final cost for that item. We will update once the cost is available.
4. If you are looking for a specific item that we don't have in the "Strike Store" please reach out. We will do our best to help you get what you are looking for.

IMPORTANT NOTES

5. For Branded FR Gear – In order to keep in alignment with our safety team's recommendations, please have your manager order through Apparel Solutions.
 - If you need help with this process, please contact us.
6. This catalog is updated quarterly. There are some items that may remain constant, but we aim to keep up with current product and apparel trends.
7. Availability of all items is limited. We keep some stock at the corporate office, but additional orders will be subject to our vendors ability to source more of that product.
 - If something in the catalog catches your eye, it is recommended to contact us sooner than later as we can't guarantee availability.

This icon symbolized that we are **NOT** able to just order one of these items once out of stock. If the item **does not have this tag**, we are able to order small quantities of that item.
