

	COMPETENCY CHECKLIST Overhead Crane	CF-S-30I
---	--	-----------------

Worker:		Business unit:		Date:		
Evaluator:		Experience related to equipment: _____ years _____ months				
Knowledge				Exceeds	Meets	Below
1.	Aware of crane log book location and contents			☐	☐	☐
2.	Can identify certification requirements (annual, post incident, etc.)			☐	☐	☐
3.	Demonstrates knowledge of SWP 34 (Cranes, Hoists) and 54 (Rigging)			☐	☐	☐
4.	Can identify a crane's lifting capacity			☐	☐	☐
5.	Can identify crane components (hook, block, pendant, track, etc.)			☐	☐	☐
6.	Can identify functions of crane pendant (emergency stop, directions, etc.)			☐	☐	☐
7.	Can explain procedure for reporting crane deficiencies (logbook)			☐	☐	☐
8.	Working knowledge of slings (all types), rigging hardware, inspection and capacity			☐	☐	☐
9.	Can explain various rigging configuration/capacities (basket, choke, angles)			☐	☐	☐
10.	Can identify appropriate shackle use (weight rating, where required, etc.)			☐	☐	☐
11.	Can determine load weights (rules of thumb, IPT hand book, way bills, drawings, etc.)			☐	☐	☐
12.	Can describe when and how to lock out crane (any work at height around crane)			☐	☐	☐
Practical (observation of actual skills)				Exceeds	Meets	Below
1.	Demonstrates crane pre-use inspection (function test, visual inspection, etc.)			☐	☐	☐
2.	Effectively identifies the weight of the load			☐	☐	☐
3.	Demonstrates the ability to select the appropriate rigging (shackles, slings, etc.)			☐	☐	☐
4.	Effectively rigs load (balanced, no slippage, etc.)			☐	☐	☐
5.	Demonstrates the ability to lift a load straight without sway			☐	☐	☐
6.	Demonstrates smooth control of load (no swing, jerking, appropriate speed, etc.)			☐	☐	☐
7.	Transports the load at an appropriate height (as close to grade as possible)			☐	☐	☐
8.	Demonstrates the ability to stop load during transport with minimal swing			☐	☐	☐
9.	Demonstrates the ability to run a crane in a tandem lift (where required)			☐	☐	☐
10.	Demonstrates effective communication with workers in the lift area			☐	☐	☐
11.	Demonstrates and interprets hand signals correctly			☐	☐	☐
12.	Effectively works with a tagline operator (communication, route plan, etc.)			☐	☐	☐
13.	Safely leaves/wraps up crane (rigging removed, block above head height, etc.)			☐	☐	☐
Additional Items:						
14.				☐	☐	☐
15.				☐	☐	☐
16.				☐	☐	☐
17.				☐	☐	☐

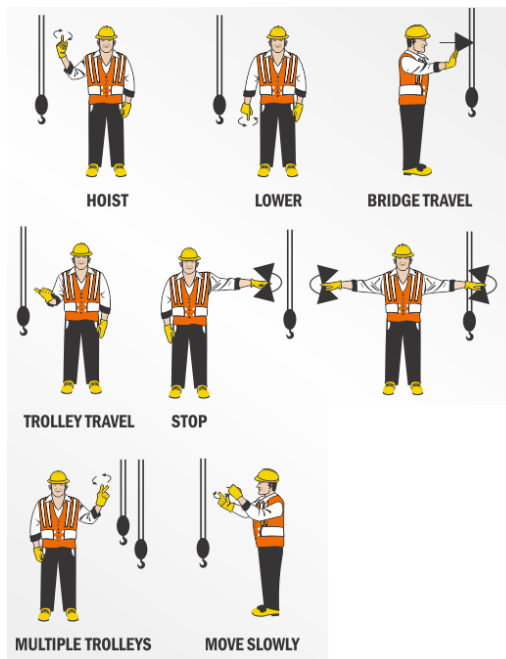

Emergency **STOP** (E-Stop)

Moves crane's hook **UP** and **DOWN**

Moves crane's head:
SOUTH: Towards the back of the building
NORTH: Towards the front of the building (Offices)

Moves crane's head:
WEST: Towards the truck bay doors (Shipping area)
EAST: Towards the CNC machines.

ON Button

Comments about competency or restrictions:

☐ Competent at this time

☐ Demonstrates the ability under direct supervision

☐ Further training required, not recommended to use equipment
