STRIKE	COMPETENCY ASSESSMENT ATV/UTV	CF-S-30O

Worker:	Worker Position:	Date:
Evaluator:	Make/Model:	Business unit:
Supervisor:	Experience related to equipment: _____years	_____months

	General	Yes	
1.	Worker has suitable experience with ATV/UTV and aptitude/attitude	☐	Answers must be yes to proceed
2.	Operator has a valid training certificate for ATV/UTV	☐	

	Knowledge	Exceeds	Meets	Below
1.	Has reviewed operator's manual and understands manufacturer's requirements and the equipment's limitations.	☐	☐	☐
2.	Demonstrates knowledge of safe working practices for ATV/UTVs (e.g. SWP 01 ATV/UTV, SWP 52 Working on Hills and Slopes, SWP 87 Working on Ice Covers, etc.)	☐	☐	☐
3.	Demonstrates a working knowledge of the safety systems and working parts of the ATV/UTV (e.g. transmission shifter, lights, parking brake, seat belts, shifter position for parking, dash waring icons and indicators, etc.)	☐	☐	☐
4.	Demonstrates knowledge of pre-use inspection and the components that need to be checked	☐	☐	☐
5.	Demonstrates an understanding of factors that could impact the stability of the equipment and the potential tipping during operation of the ATV/UTV (machine configuration, tire size and width, etc.)	☐	☐	☐

	Practical	Exceeds	Meets	Below
1.	ATV/UTV Proper loading and unloading of the machine (where required): • Wears helmet and seat belt • Confirms ramps are secured properly to truck or trailer • Keeps the machine in 4 wd drive • Keeps wheels straight and shows awareness of the width of the ramps • Has the ramps properly lined up and double checks prior to moving the machine onto the ramps	☐	☐	☐
2.	Operator completes an effective HIAC prior to use. This should include assessing whether an ATV/UTV is the appropriate tool for the job (based on site conditions)	☐	☐	☐
3.	Operator ensures adequate fuel and oil levels to run the machine	☐	☐	☐
4.	Performs a thorough pre-use inspection, visually checks all components of the machine, tires, lights, warning icons and indicators, cab/doors are operating properly, and ensures that the equipment is properly maintained according to the manufacturer's requirements	☐	☐	☐
5.	Confirm unit in "Work Mode" selection with appropriate models and only operated in Low Range gear selection.	☐	☐	☐
6.	Operator maintains 3-point contact when entering and exiting the UTV.	☐	☐	☐
7.	Demonstrates the ability to manage the hazards associated with driving in mud, snow, and dry conditions	☐	☐	☐
8.	Operator can identify equipment blind spots and shows how to compensate for them	☐	☐	☐
9.	Operator demonstrates good driving techniques including safe starting, stopping, and cornering of the machine	☐	☐	☐
10.	Operator stays within the designated right of way/work area and travels on designated paths	☐	☐	☐
11.	Demonstrates the proper load securement of material in the cargo box	☐	☐	☐
12.	Operator demonstrates knowledge on hills by approaching at 90-degree angle and does not travel cross the hill	☐	☐	☐

STRIKE	COMPETENCY ASSESSMENT ATV/UTV	CF-S-30O

13.	Operator effectively works with a spotter/swamper (e.g. hand signals, blind spots, etc.)	☐	☐	☐
14.	Operator ensures that passengers are in the machine, using seatbelts and confirms other required PPE is on prior to moving the machine	☐	☐	☐
15.	Demonstrates how to shut down and safe out the ATV/UTV when not in use (e.g. applying brakes, proper transmission selection for parking)	☐	☐	☐
16.	Operator follows no cell phone policy while operating ATV/UTV	☐	☐	☐

Comments about competency or restrictions:

☐ Competent at this time	☐ Demonstrates the ability under direct supervision	☐ Further training required, not recommended to use equipment
